State Park Supplies is described as product brokerage service. We connect businesses with what they are looking for. Over the years we have established relationships with many suppliers. As our business with State Agencies grows, and bids awarded, our suppliers offer us even greater discounts, which we pass on to you.

Our capability to streamline your procurement process has earned us positive feedback by the Agencies we are currently working with. We strive to be competitive and we encourage your feedback when we turn in your quotes.

#### Key Customers:
